

START EARNING WORK BOND CREDIT NOW

After a long winter and far too many inches of snow - its time to get outside and start to enjoy the Spring weather. There is no better way to enjoy the awakening of spring than to take part in Springwood Work Parties. Fresh air, great camaraderie, feeling of being a part of the overall beauty of the club, and you can earn your work bond cash back; there is just nothing better than a Springwood Work Party.

We will have work parties to clean leaves, deck chairs, repair picnic tables, fix and paint benches, and other light physical labor activities. In addition, we are planning to re-paint the parking lot lines and painting and beautifying the Patio.

We are asking that individuals sign up for work parties so we can properly plan the day and minimize wasted time. The table below lists the dates and planned tasks. Work parties will start at 9 AM and end around 12 PM on each listed day. For leaf removal - if you can bring a strong leaf blower it would help the cause. For most other items the club will provide the materials for the day.

Please email us at admin@springwoodswimclub.com - all we need is your name in the date you will be available. It's that simple to sign up and start earning your work bond credit. Each adult volunteer (or child over the age of 13) attending will earn one work credit valued at \$50.

Thanks again and do not hesitate to be a great part of our Work Parties - a little work now makes for a BEautiful summer at Springwood Swim Club.
